

EPHA Hose Spacers & Looms

are accessories used to simplify routing and prevent damage from unrestrained hoses. These parts are easy to install and provide protection by separating hoses from one another, preventing abrasion and damage from points of contact. They are constructed using an impact resistant material which gives them high strength, abrasion and chemical resistance and provides for a wide range of operating conditions.

Prevent Damage And Wear Caused By Unrestrained Hoses

The Hose Spacer & Hose Loom are a durable and long lasting solution to provide separation and routing for: Hydraulic Hoses, Battery Cables, Wiring Harnesses, Brake Systems, Fuel Lines, Air Lines, Radiator Hoses & Oil Lines in a variety of applications: Industrial, Trucking, Construction, Aviation Support, Public Transportation, Road Maintenance, Waste Management & more.

Hose Spacers

HSM-48	Mixed Display Box	(12 of each) 3/4", 1", 1-1/8", and 1-3/8" w/ ties
